Restoring the Healthcare Workforce for Equity Program

Introducing the Restoring the Healthcare Workforce for Equity Initiative (RHWE), developed in response to the unprecedented challenges faced by healthcare workers during the COVID-19 pandemic. Recognizing the significant losses and the debilitating effects of burnout experienced among the healthcare workforce, RHWE was launched with the overarching goal of creating and amplifying resources to restore and support frontline workers as they navigate their recovery from the COVID-19 pandemic. Funded by the Center for Disaster Philanthropy (CDP) COVID-19 Response Fund, the initiative focuses support for individuals working in community health centers (FQHC) and free and charitable clinics across the U.S.

Letter to Health Care Leaders on Cyberattack on Change Healthcare

In a situation such as this, the government and private sector must work together to help providers make payroll and deliver timely care to the American people. The Biden-Harris Administration has taken action by removing challenges for health care providers and addressing this cyberattack head on. Now, we are asking private sector leaders across the health care industry – especially other payers – to meet the moment.

Ready.gov "It's Not Luck" Campaign

The "It's Not Luck" campaign contains safety and preparedness messages you can share on your social media channels. You can either copy these

messages directly or customize them to reach your audience.

To be used throughout March, in association with St. Patrick's Day, the campaign asserts that no one should rely on luck when it comes to being prepared for disasters and emergencies. Don't leave disaster prep to chance.

Introduction to the 2024 Joint Commission Standards for Infection Control

Join NETEC for an exploration of the new infection control requirements established by the

Joint Commission, the nation's oldest and largest standards-setting and accrediting body in health care. Panelists will review key changes to the standards, which will go into effect July 1, 2024, and identify strategies for implementation and compliance. Resources and tools will be shared to empower your organization to help prepare for the new standards by July 2024.
